PUBLIC COMMENTS:

- If report is going to three commissioners, will report be made available to the public at some time? It would be helpful to get in a little advanced time before the BOC meeting so people can come with putting some thought into their questions. Response: Staff wanted to get materials all before they get distributed.

7. **ACTION ITEMS REQUIRING BOARD DISCUSSION:**

Draft Minutes 8/20/19 BOC Regular Meeting: Corrections:

Under No. 3 – General Public Comment: Third bullet should be “EFS”. Not “EES”.

Acting General Manager on Kevin Streett in terms of people at the meeting. Take out “Acting”.

Since EFS is the name of the consultant group. In the next sentence it should say “EFS consultant” not “the EFS consultant”.

Under Commissioner Reports - Dan Toepper – on “8/18 Commissioner Toepper attended the All County Picnic” and then on 8/25 it says “will attend the All County Picnic”. 8/25 doesn’t belong or was misquoted. Take out 8/25.

Under General Manager’s Report – second bullet – Attorney Irene “Scrubbs” should be Irene “Scruggs”.

Under General Manager’s Report – Public Comment: last paragraph – “Kilsuit” Bridge should be “Kilisut” Bridge.

7.1.1 – “EE1” should be “EEI” and spell out Energy Efficiency Incentive.

7.1.4 Kevin “Street” should be Kevin “Streett”.

Page 8 of 9 – under Olympic Work Force Development Council. Instead of “this organization” put “North Olympic Workforce Development Council”.

MOTION: Commissioner Kenneth Collins made a motion to approve the minutes of the Jefferson County Board of Commissioners dated August 20, 2019, as amended. Commissioner Dan Toepper seconded the motion. Motion carried unanimously.

4.3.1 CAB Report: Commissioner Dan Toepper requested clarification on the Work Plan. The CAB report is within the Consent Agenda and it is almost like the BOC is approving the plan that the CAB is putting forward. Did the BOC want to talk about the list that was brought forward? CAB member Gary Rowe gave some clarification. Commissioners would like to consider the CAB report at another meeting. Intent was to give the BOC a change to look over the

Page 6 of 8

Draft Minutes

Work Plan. No action was requested on the work plan.

PUBLIC COMMENTS:

- There was a comment that the review of the Work Plan should be done sooner rather than later so the CAB may form sub-committees and do the work that needs to be done.
- Only new items on the Work Plan are meter replacement, electric vehicle and carbon footprint.
- Direction to the CAB from the BOC is to keep going.

7.1.1 2020 Budget Review: General Manager Kevin Streett and Financial Services Manager Mike Bailey gave a report. The staff is seeking direction from the BOC today on the tax budget.

Budget submitted for approval of the BOC basically states \$500,000 will be collected by the PUD and brought into the PUD's budget. Budget is Draft 2. We will come back with a request for a line of credit. 2020 Budget Presentation Talking Points were included in the packet for this meeting. **For a more detailed accounting on what was discussed concerning the 2020 Budget Review please refer to audio recording.**

PUBLIC COMMENTS:

- Question: What is the property tax actually paying for? There is nothing in the budget that actually tells where the money is coming from.
Response: It is flowing into various different things.
- Comment: Would like to know what the typical water usage is.
Response: Five to ten thousand gallons a month. \$30 to \$60 a month on the high end.
- Comment: Revenue based on July 2018 to June 2019 (electrical residents) below normal two years in a row. No reason to expect that to happen again.
Our revenues for 2020 based on that may be is a little optimistic.
Response: If the county gets a bad weather year, our revenue might be significantly lower than what is showing here.

7.1.2 Low-Income Policy Change:

Jean Hall, Customer Service Manager, went over amendments to the Low-Income Policy.

PUBLIC COMMENTS: (topics abbreviated).

- Definition of what Liheap stands for.

MOTION: Commissioner Jeff Randall made a motion to approve the added language to the

Customer Service Policy regarding eligibility changes pursuant to the language provided in the Draft Policy 10.6. Commissioner Dan Toepper seconded the motion. Motion carried unanimously.

The staff will bring a Resolution to the next BOC meeting.

7.1.3 Water Leak Proposal: Jean Hall, Customer Service Manager, went over the new language in the Water Leak Adjustment Policy. There was one change requested under 10.3.3 Water Leak Adjustment. Third sentence. Three lines down: “Customer service may offer alternative payment arrangements until **which** time as the leak adjustment is either processed or denied.” It should say Customer service may offer alternative payment arrangements until “**such**” time as the leak adjustment is either processed or denied.”. There were no changes as to what was previously presented. A consensus was reached among the commissioners and they were comfortable with the policy. A resolution brought back at the next BOC meeting.

8. SIGNING OF DOCUMENTS: The signing of documents was done in open public meeting format.

Draft Minutes

1. CALL TO ORDER:

Commissioner Jeff Randall called the Public Budget Hearing of the PUD Board of Commissioners for October 7, 2019, to order at 5:00 p.m.

INTRODUCTIONS: Commissioner Jeff Randall started the meeting by asking for voluntary introductions from the commissioners and staff.

2. AGENDA APPROVAL:

MOTION: Commissioner Kenneth Collins made a motion to approve the agenda as presented. Commissioner Dan Toepper seconded the motion. Motion carried unanimously.

3. STAFF PRESENTATION OF RESOLUTION 2019-22 TAX LEVY UPDATED:

Commissioner Jeff Randall presented the guidelines for comments on the presentation:

General Manager Kevin Streett and Financial Services Manager Mike Bailey gave a presentation. The 2020 Budget Presentation Talking Points outline was included in the packet.

PUBLIC COMMENTS:

- Question asked on Resolution 2019-022 Page 3 – second WHEREAS. Third line up from the bottom of that paragraph it says “...any increase in value of states assessed properties ...”. What does that mean?
- There is no mention in budget discussion setting or addressing level of reserve.
- On the operating revenue side from this year to next year it looks like there is a slight decrease in revenue. Why is the PUD taking in less revenue?
- Comment: In reviewing the 2016 Strategic Policy the following was suggested. First, there is a strategy to adopt a five year financial plan. Second, delivery of services to be done in a sustainable manner. Third is to provide affordable stable rates that cover the cost of services. Keeping all three of these in mind, prior to the adoption of the budget a suggestion was made that the BOC ask staff to verify the plan so the BOC knows the ultimate impact of any decision made on the budget would be in the future. Second, the water rates need to be updated because the current budget doesn't look like it is sustainable. Third a recommendation was made that the budget include resources to support the implementation of broadband strategic planning.

For more detail refer to audio recording of this meeting.

Commissioner Jeff Randall reads the proposed modification to the resolution into the record.

WHEREAS, the Board of Commissioners of Public Utility District No. 1 of Jefferson County, Washington, after hearing, and after duly considering all relevant evidence and testimony presented, has determined; that the district does not require an increase in property tax revenue from the previous year in excess of the increase resulting from the addition of new construction and improvements to property, any increase in the value of the state's assessed properties, and refunds in order to discharge the expected expenses and obligations of the district and in its best interest.

No public comment.

MOTION: Commissioner Kenneth Collins made a motion to approve Resolution 2019-22 as modified. Commissioner Dan Toepper seconded the motion. Motion carried unanimously.

4. **2020 DRAFT BUDGET:** Commissioners and PUD staff review the 2020 Draft Budget. For more detail refer to audio recording of this meeting.

5. **ADOPTION OF 2020 BUDGET RESOLUTION 2019-23:** No adoption. Revised resolution 2019-23 will be presented at the next BOC meeting on October 15, 2019.

6. **GENERAL PUBLIC COMMENT:**

- The hearing on the budget was public September 3rd. In the presentation by the General Manager, there as an offer to reduce the expenditures in some areas of the budget and those have not been discussed. You can only have a hearing at what was published through September 3rd. You cannot hold a hearing on something that was amended later. BOC's direction to the staff needs to include those changes that were suggested by the General Manager.
- Question: On past revenue in the budget, there were two lines in the summary of cash on Page 19 – one says cash revenues were 2.8 million. Next one says tax revenue fund investments 1.9 million. It is not clear as to what those are. Is this an accumulation of tax revenues over the years and is sitting in the bank? What does that mean?
Response: That is an accumulation of tax revenues that have been collected and an investment account that is associated with it.
- Tax money is being collected and it looks like it is not being spent. Showing what the money is being collected for and what it is being used for would be useful.

REGULAR BOARD OF COMMISSIONER MEETING

1. **CALL TO ORDER:** Commissioner Jeff Randall called the Regular Meeting of the PUD Board of Commissioners for October 7, 2019, to order at 5:52 p.m.

2. **AGENDA APPROVAL:**

MOTION: Commissioner Kenneth Collins made a motion to approve the agenda as presented. Commissioner Jeff Randall seconded the motion. Motion carried unanimously.

3. **GENERAL PUBLIC COMMENT:**

- **Comment:** In the special meeting that was held on September 3rd during which there was an executive session, the stated reason for conducting the executive session was as listed and as said in the audio which was to review the performance of a public employee. However, the discussion that followed the executive session was clearly about evaluating the qualifications of somebody for possible employment. It didn't seem like the discussion had anything to do with the performance of a current employee but rather that of the experience and qualifications of an applicant which is one of the two possible reasons for that justification for going into executive session.
Response: The minutes are accurate.
- **Request:** CAB would like to see a conversation on Work Plan scheduled at the next BOC meeting.
Response: Topic is scheduled for the October 15, 2019 BOC meeting.
- **Announcement:** October 14, 2019, presentation of "Damned to Extinction".at the Quimper Unitarian Universal Fellowship, at 2333 San Juan Avenue, Port Townsend.
- **Suggestion:** Suggestion made regarding the Wellness Program and encouraging the BOC to urge the General Manager and his management staff to lead by example.

RE: Special meeting calendars (first 3 months of 2020)

Attached are calendars for January, February and March, 2020 that outlines the known meetings and puts Special meetings on a tentative schedule. We will try this method on a trial basis and see if this works. Location and time for the Special meetings will be determined later. Setting the dates up ahead of time allows staff to spread out meetings and to have enough time for preparation. It will help the commissioners with their calendar too in order to be more time efficient.

RE: NoaNet Interlocal Agreement

SUMMARY: The NoaNet Interlocal Agreement (ILA) between NoaNet and JPUD expired on January 7, 2019. Since that time, the parties have continued to operate JPUD's telecommunications network pursuant to the ILA. The Parties have reached agreement on the terms and conditions necessary to extend the agreement. The ILA is significantly different than the previous agreement.

BACKGROUND: JPUD was able to negotiate a 5 year extension to the original ILA with NoaNet that provides for a revenue share between the parties – 50-50. This includes all revenues either party generates in Jefferson County. A small portion of revenue is exempted for certain low margin services that NoaNet provides (i.e. voice over IP, etc.) that it incurs separate costs to provide. The term of the ILA is for 5 years, however each party has the right to terminate for any reason upon 90 days notification. NoaNet will continue to provide network operation services, network monitoring and all other services it has provided in the past. JPUD will be providing the physical network, similar to what it has previously provided. With the addition of the revenue share, this will be the first time JPUD will directly collect customer revenue for services in the JPUD service territory.

ANALYSIS/FINDINGS: Staff will provide more detail regarding the proposed ILA at the November 5, 2019 regular meeting of the Board of Commissioners. The draft agreement is currently being reviewed by NoaNet for the changes recently negotiated.

RECOMMENDATION: Provide information to the Board of Commissioners in order to facilitate consideration of an extension of the ILA with NoaNet consistent with the terms and conditions contained in the draft ILA that will be provided to the Board in advance of the regular board meeting.
