Description of proposal: PUD No. 1 of Jefferson County (JPUD) 2020 Water System Plan Update.

This is a Non-Project Proposal. PUD No. 1 of Jefferson County 2020 Water System Plan Update covers District organization and operations, including: ownership and management, water utility service policies and procedures, JPUD's Water Use Efficiency program, operator certification levels, emergency response plan, cross-connection control program, standard construction specifications and budget information.

Location of Proposal: Jefferson County, Washington

Applicant: Bill Graham, Resource Manager
Email: bgraham@jeffpud.org
Phone: (360) 385-8375

JPUD has determined that this proposal will not have a probable significant adverse impact on the environment. An environmental impact statement (EIS) is not required under RCW 43.21C.030(2)(c). We have reviewed the attached Environmental Checklist. This information is available at <https://www.jeffpud.org/water-system-planning/>.

This determination is based on the following findings and conclusions:

- The Water System Plan Update is a Non-Project Proposal. As such, it does not specify any construction-related projects that might impact the environment. Future infrastructure construction projects may require Department of Health review and approval. Any water system consolidation involving construction may require environmental and/or cultural review. These will be submitted as required.

This DNS is issued under WAC 197-11-340(2). Written comments will be accepted via email to kstreett@jeffpud.org through 5:00pm on Tuesday February 23, 2021.
