

**ADDENDUM NUMBER ONE (1)
TO
REQUEST FOR PROPOSAL (RFP)**

FOR

**ENGINEERING, DESIGN AND CONSTRUCTION MANAGEMENT
FOR
FIBER-TO-THE-PREMISE NETWORK**

RFP Number 2022-003

**Jefferson County PUD (JPUD)
(Jefferson County, WA)**

**ADDENDUM NUMBER ONE (1) TO:
RFP 2022-003**

Addendum Number One(1) shall adjust the Pricing Section of the RFP.

The current Pricing Section requires **“that all quoted prices should include the cost for all supplies, supervision, transportation, and other overhead needed to complete the tasks.”**

This verbiage and the list below it suggests that pricing for all supplies be provided for the optional purchasing and warehousing functions – regardless of whether or not this function is being proposed.

JPUD is clarifying **“that all quoted prices should include the cost for all supplies, supervision, transportation, and other overhead needed to complete the tasks”** only for the tasks/functions being proposed by the respondent.

Since the purchasing and warehousing function is “optional”, the statement that **“all quoted prices should include the cost for all supplies, supervision, transportation, and other overhead needed to complete the tasks”** is applicable to the purchasing and warehousing function only if that function is being proposed. Otherwise, no quote for purchasing and warehousing should be provided.
