#### 3. PRESENTATIONS.

- **3.1 AMI Vendor Selection.** General Manager Kevin Streett gave a historical report going over past projects that the PUD has accomplished with metering. There was considerable discussion.
  - Early on when the PUD was first close formed, there was a discussion on changing out the meters at that time. The PUD came to doing it at that time. It was determined that changing out the meters at that time would put too much burden on the PUD.
  - 2017 vendor selected for AMI based on public responses project was put on hold.
  - From the beginning Landis+Gyr had been reading the meters. Contract ends in 2023. That put some urgency on how the PUD needed to move forward and what it was going to do for its own meter reading after 2023.
  - Met with Landis+Gyr + approximately a month ago. Landis+Gyr has agreed to continue reading meters past the 2023 date. The PUD has not seen a contract.
  - Hired FCS to do a rate study. They came and presented to the BOC and the CAB. Their recommendation was to move forward with an AMI. The savings is significant and based on the recommendations of FCS in several the PUD meetings the PUD moved forward with an RFP.
  - The PUD basically used the same RFP it used in 2017. Response was good.
  - The PUD selected a new vendor. The first-place candidate was Vision Metering.
  - Vision Metering had delivery dates that the PUD was looking for.
  - Recommendation was to move forward with AMI.

**MOTION:** Commissioner Jeff Randall made a motion that the Jefferson County Public Utility No. 1 Board of Commissioners approve a contract with Vision Metering for the District's Metering Replacement Program. Commissioner Dan Toepper seconded the motion. Motion carried unanimously.

Page 2 of 4

## **AGENDA REPORT**

**DATE:** June 7, 2022

**TO:** Board of Commissioners

FROM: Will O'Donnell, Broadband and Communications Director and Joel Paisner Legal

Counsel

**RE:** New Drafts of Broadband Services Agreement

**BACKGROUND:** The Board of Commissioners approved JPUD's Wholesale Telecommunications Services Agreement on Nov. 16, 2021. On April 5<sup>th</sup> 2022, the BOC reviewed a first draft of Retail Service Agreements. The Retail Service Agreement is needed for the PUD to serve as the Retail ISP.

**ANALYSIS/FINDINGS:** It is the opinion of Legal counsel that JPUD would be better served by a new wholesale agreement that follows the model of Kitsap PUD's Master Services Agreement For Communication Transport Services. As such, staff does not have a red-lined version of the previous agreement showing changes to be adopted in the new policy.

Legal and staff have also chosen to scrap the previous Retail Service Agreement draft and request that the BOC instead review the attached Internet Services Agreement and Acceptable Use Policy. Again, no red line is provided as no action was taken on the last draft, and none of the previous policy has been carried forward.

FISCAL IMPACT: N/A

**RECOMMENDATION:** For Discussion Only

# MASTER SERVICES AGREEMENT FOR COMMUNICATION TRANSPORT SERVICES

THIS AGREEMENT, made and entered into effective as of the date signed below, by and between \_\_\_\_\_\_\_, a corporation/limited liability company/limited liability partnership/general partnership/other (specify: \_\_\_\_\_\_\_\_), organized under the laws of the State of \_\_\_\_\_\_\_, hereinafter called "Customer," and Public Utility District No. 1 of Jefferson County, a Washington State Public Utility District, hereinafter called "JPUD". This Agreement becomes legally binding upon signature by both parties.

#### **RECITALS**

Customer desires to obtain Communication Transport Services ("CTS") on JPUD's fiber optic cable system; and

JPUD is agreeable to provide CTS and allow Customer to terminate its signal cable in facilities generally described in an attached associated Service Order. Customer may use service only for authorized and lawful purposes.

**NOW, THEREFORE**, Customer and JPUD, in consideration of mutual conditions and covenants hereinafter described, do agree as follows:

**Overview:** This Agreement states the general terms and conditions by which JPUD will deliver and Customer will receive any or all of the services provided by JPUD. The specific services and/or products to be provided and the procedure for obtaining services shall be detailed in associated Service Order Summary. This Agreement is intended to cover any and all CTS ordered by Customer and provided by JPUD. Customer may use services only for authorized and lawful purposes.

- 1. Delivery of Services: By submitting a Service Order Summary, Customer agrees to take and pay for, and, by accepting the Service Order, JPUD agrees to provide, the services(s) during the term described on the Service Order. JPUD has the right to limit the manner in which any portion of its network and facilities ("Network" or "JPUD Facilities") is used in order to protect the technical integrity of the Network. JPUD is not liable or responsible for content, errors in transmission, or failure to establish connection.
- Installation and Interconnection of Services: Other than the facilities, termination equipment or other devices provided by Customer, and unless otherwise provided elsewhere in this Agreement or any attachments hereto, JPUD will pay for, provide, install, maintain, operate, control and own any equipment, cable or facilities connected to the Network ("System Equipment"), which equipment at all times remains JPUD's personal property, regardless of where located or attached. JPUD may change, replace or remove the System Equipment, regardless of where located, so long as the basic technical parameters of the service are not altered, and this Agreement constitutes Customer's consent to such change, replacement or removal. Customer may not rearrange or move or disconnect the System Equipment, and is responsible for any damage to or loss of System Equipment caused by Customer's negligence or willful misconduct or that of its end users. JPUD has no

obligation to install, maintain or repair any equipment owned or provided by Customer, except as may be specifically provided herein. If Customer's or an end user's equipment is incompatible with service, Customer is responsible for any special interface equipment or facilities necessary to ensure compatibility. Customer is responsible to ensure that its equipment does not interfere with the provision of or functionality of services to Customer or other parties with whom JPUD contracts. If, in responding to a Customer initiated service call, JPUD reasonably determines that the cause of such service call is a failure, malfunction or inadequacy of Customer provided equipment or software, Customer will pay JPUD for such service call at JPUD's then prevailing rates.

JPUD may reconfigure, reprogram, substitute, rearrange or otherwise change any JPUD Facilities, whether such JPUD Facilities are on the Customer's premises or otherwise, at any time and from time to time, but shall not thereby alter the technical parameters of the service provided the Customer without the Customer's knowledge or consent. Although no specific advance notification period is applicable, JPUD will use its best efforts to notify the Customer of the planned timing of such activities and will use reasonable efforts to perform such activities at a time that is agreeable to the Customer (except where emergency conditions exist or where such change is required by a governmental agency or other authority to take place immediately).

This cooperation may include JPUD providing available personally identifiable information about you to law enforcement or system administrators, including, but not limited to, username, subscriber name, and other account information. Upon termination of your account, JPUD is authorized to delete any files, programs, data and e-mail messages associated with your account.

The failure of JPUD or its suppliers to enforce this Policy, for whatever reason, shall not be construed as a waiver of any right to do so at any time. You agree that if any portion of this Policy is held invalid or unenforceable, that portion will be construed consistent with applicable law as nearly as possible, and the remaining portions will remain in full force and effect.

You agree to indemnify, defend and hold harmless JPUD, its affiliates, suppliers and agents against all claims and expenses (including reasonable attorney fees) resulting from you engaging in a violation of this Policy or of any other posted JPUD policy related to the Service. Your indemnification will survive any termination of the Subscriber Agreement.

Upon JPUD's receipt of a counter notification that satisfies the requirements of DMCA, JPUD will provide a copy of the counter notification to the person who sent the original notification of claimed infringement and will follow the DMCA's procedures with respect to a received counter notification. In all events, you expressly agree that JPUD will not be a party to any disputes or lawsuits regarding alleged copyright infringement.
